Letter dated 10 March 2025 from the Chargé d'affaires a.i. of the Permanent Mission of Ukraine to the United Nations addressed to the Secretary-General

I write to inform you of the Russian Federation's ongoing terrorist attacks that deliberately target civilians and civilian infrastructure in Ukraine.

On the evening of 7 March 2025, the Russian Federation launched a ballistic missile attack on the centre of Dobropillia, Donetsk region, killing at least 11 people and injuring 50 others, including 7 children. Eight 5-storey buildings, an administrative building and 30 vehicles were damaged. As firefighters worked to extinguish the blaze, Russian forces carried out a second strike, targeting the rescuers and damaging a fire truck.

Over the past week, the Russian Federation carried out hundreds of attacks against the Ukrainian people using various types of weapons: around 1,200 guided aerial bombs, nearly 870 attack drones and over 80 missiles of different types.

Given the persistent and ongoing nature of these attacks and recognizing the urgent need for immediate intervention, I would appreciate your personal attention and the full utilization of all available instruments within the mandates of the relevant United Nations agencies to stop the terror and address these continued crimes by the Russian Federation against the civilian population and infrastructure in Ukraine.

The crime of aggression, war crimes and crimes against humanity committed by the Russian Federation further underscore Russia's non-compliance with the United Nations membership criteria set out in Article 4 of the Charter of the United Nations, as well as the inadmissibility of inaction regarding Russia's illegitimate presence in the Security Council.

I would appreciate your kind assistance in having the present letter and its annex distributed as a document of the General Assembly, under agenda items 62, 67, 80, 110, 132 and 135, and of the Security Council.

(Signed) Khrystyna **Hayovyshyn**
Chargé d'affaires a.i.
Deputy Permanent Representative
