of Ukraine**

Promotion and protection of the rights of children

Crimes against humanity

Measures to eliminate international terrorism

**The responsibility to protect and the prevention of
genocide, war crimes, ethnic cleansing and crimes
against humanity**

Eightieth anniversary of the end of the Second World War

**Security Council
Eightieth year**

Letter dated 10 April 2025 from the Chargé d'affaires a.i. of the Permanent Mission of Ukraine to the United Nations addressed to the Secretary-General, the President of the General Assembly and the President of the Security Council

I am writing to inform you of the ongoing terrorist attacks by the Russian Federation that deliberately target civilians and civilian infrastructure in Ukraine (see annex).

On 9 April 2025, Russia launched 20 attacks on the Donetsk region, killing and injuring civilians. The strikes damaged eight private houses, four summer cottages, two utility buildings, a two-storey building at a local enterprise, a residential building, one high-rise building, a café, three cars, a garage and a three-storey unfinished building.

On the night of 10 April 2025, the Russian Federation launched a drone attack on the capital city of Kyiv, injuring at least two women. The strikes damaged private houses and vehicles, destroyed a utility building and resulted in a fire at a warehouse facility.

The same night, Russia's drone attack on the city of Mykolaiv injured at least 10 people, 3 of whom were hospitalized. The attack damaged nine apartment buildings, three cars, 30 garages and an administrative building. In the courtyard of a five-storey building, debris from the drone caused a fire in an apartment, also damaging other apartments. Firefighters evacuated a woman with limited mobility. In other areas of the city, fires were extinguished in two cars and a garage. The

shockwave from the explosion trapped a mother and her three children inside a private house. They were all rescued.

On 10 April 2025, Russia's drones caused two fires in the residential sector of the city of Kherson. One fire broke out on the balcony of an apartment in a high-rise building, while another occurred in a private residential house.

On the same day, Russia launched a missile strike on the city of Dnipro, killing at least one person and injuring at least six others. A fire broke out at an infrastructure facility.

Given the persistent and ongoing nature of these terrorist attacks and recognizing the urgent need for immediate intervention, I would appreciate your personal attention and the full utilization of all available instruments within the mandates of the relevant United Nations agencies to stop the terror and address these continued crimes by the Russian Federation against the civilian population and infrastructure in Ukraine.

The crime of aggression, war crimes and crimes against humanity committed by the Russian Federation further underscore Russia's non-compliance with the United Nations membership criteria set out in Article 4 of the Charter of the United Nations, as well as the inadmissibility of inaction regarding Russia's illegitimate presence in the Security Council.

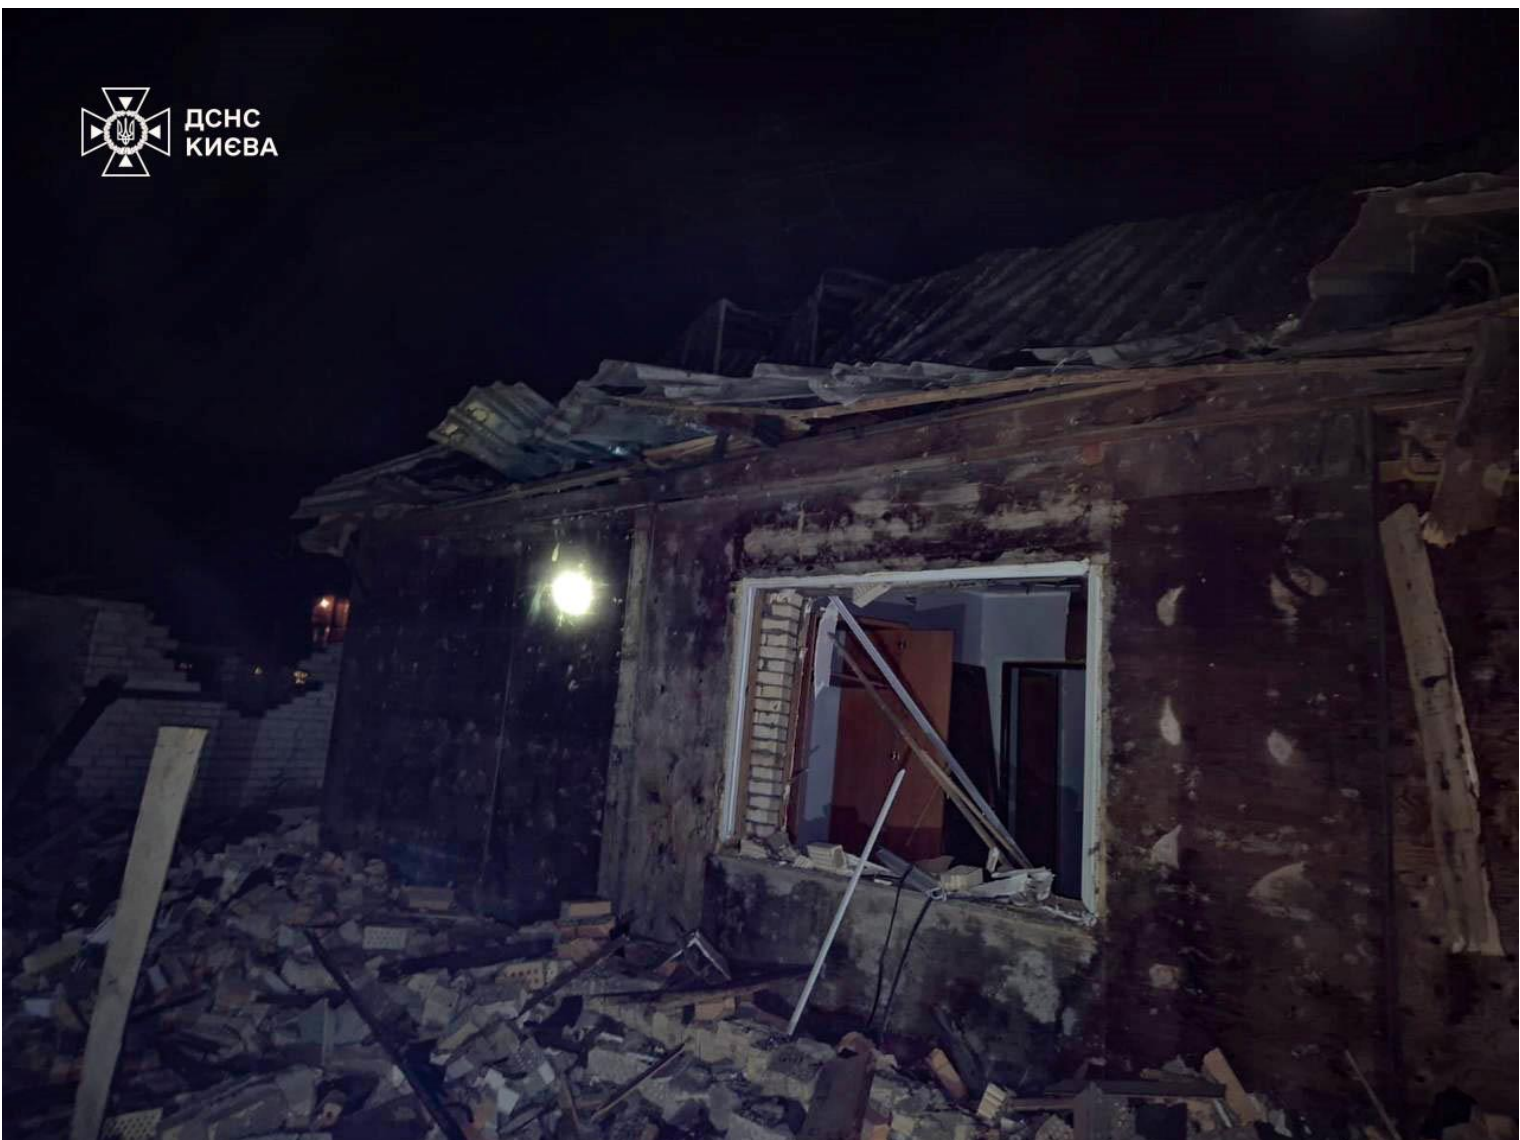

I should be grateful if you would circulate the present letter and its annex as a document of the General Assembly, under agenda items 62, 67, 80, 110, 132 and 135, and of the Security Council.

(Signed) Khrystyna **Hayovyshyn**
Chargé d'affaires a.i.
Deputy Permanent Representative

Annex to the letter dated 10 April 2025 from the Chargé d'affaires a.i. of the Permanent Mission of Ukraine to the United Nations addressed to the Secretary-General, the President of the General Assembly and the President of the Security Council

Consequences of Russia's attack on civilians and civilian infrastructure in the city of Kyiv (10 April 2025)

Consequences of Russia's attack on civilians and civilian infrastructure in the city of Mykolaiv (10 April 2025)

Consequences of Russia's missile attack on civilians and civilian infrastructure in the city of Dnipro (10 April 2025)
